11/3/95

Dear Michelle,

I picked Chapter VII up from Maisha this morning.

Thanks.

I enclose our check for 6 3/4 hours

I'll go over what I got from Maisha in the morning and then it will be ready for Carol, if you see her.

I'll also call her amd will leave a message if she has an answering machine.

I've about five chapters for her and then there will be corrections.

What you are working on is now 40 chapters.

Best wishes,

Harold Weisberg

My wife's records reflect that we owe you for more so the check for what we think we owe you is enclosed. If there is an error we can adjust for that later.

Is it that Maisha held what I got today that long?
